Project Narrative:

The Hazelwood Terrace project is the fourth Phase of the Ames Lake neighborhood redevelopment. The Hazelwood Terrace buildings, which were originally built in the 1960's, had multiple owners and were in desperate need of repairs. The substantial rehabilitation plans called for the replacement of a condemned garage and the combination of one-bedroom units into a two story three-bedroom unit. The end result is a reduction from 108 one and two bedroom units to 99 one, two and three bedroom units.
